SUMMARY

Enthusiastic B.Tech 1st-year student with a strong interest in AI/ML, Full Stack Web Development, and Data Structures & Algorithms. Passionate about solving problems through code and continuously learning new technologies. Currently building a solid foundation to work on impactful projects in the near future. Eager to grow through practical experience and collaboration.

EDUCATION

- **CMR College of Engineering & Technology, Telangana**
B.Tech in AI & ML (9.23 CGPA) Aug. 2024 – Present
- **Alphores Junior College, Karimnagar**
MPC (95.9%) May. 2022 – May. 2024

PROJECTS

- **Airline Booking System** | *C, File Handling, Data Structures*
 - Developed a console-based airline reservation system as part of the Programming for Problem Solving Lab project.
 - Implemented seat reservation, cancellation, and real-time seat status display using arrays, structures, and modular C code.
 - Demonstrated practical use of file handling and dynamic data updates to manage seat availability and passenger information.
- **Online Voting System** | *C, Data Structures, Hashing*
 - Developed a console-based secure digital voting application using C for small-scale elections.
 - Implemented voter authentication and vote casting using hashing to prevent duplicate votes and ensure integrity.
 - Designed modular functions to manage vote tallying, result declaration, and secure in-memory data storage.

TECHNICAL SKILLS

Languages: C, C++, Python.
Web & Frameworks: HTML, CSS.
Developer Tools: VS Code, CodeBlocks
Operating Systems: Windows
Course Work: Programming for problem solving, Data Structures & Algorithms, Operating Systems.
Areas of Interest: Machine Learning, Full Stack Web Development, Problem Solving, Competitive Programming.

ACHIEVEMENTS

- **Competitive Programming:** Solved over 100+ coding challenges across platforms like LeetCode and CodeChef (*Max Rating: 1050*).

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in various drawing, essay writing, and poster presentation competitions conducted at college level.
- Engaged in creative expression activities that enhanced communication, critical thinking, and presentation skills, Leadership Qualities.
